

Hello

This is a checklist we've designed to enable us to complete your work as quickly and efficiently as we can, by ensuring we have all the information we need right in front of us. This also avoids delays with having to follow up on missing or incomplete information, as well as additional costs if we need to sift through receipts.

For this reason, we kindly ask that you gather **everything** together **before** you send or bring in your information to us (including ALL entities you may have, such as businesses, companies, trusts or superannuation funds). If we do not have everything we need, unfortunately we will be unable to start your work and you may incur additional fees.

We appreciate and thank you in advance for the valuable time taken to complete our checklist, in order for us to get you the best possible result for your tax return(s). We would also like to take this opportunity to thank you for choosing the team here at Paris Financial. We are certain you will find our staff very keen and helpful, and always willing to ensure your needs are looked after to the best of our abilities.

If this is your first time with Paris Financial we would like to thank you for choosing us we are sure you will not be disappointed! It would help us greatly to have a copy of your last lodged tax return to enable us to check for any items that should be carried forward.

Please remember that this checklist and its contents relate only to your **personal** tax and not that of your trust or company. We have separate checklists describing the information required for any other entities you may have.

If you do have any questions, please feel free to contact Administration. Karen will be more than happy to assist you, and is contactable on:

03 8393 1000, or alternatively, via email: [admin@parisfinancial.com.au](mailto:admin@parisfinancial.com.au)

### **Our Fees**

Our fees have gone up this year, after remaining static for a couple of years.

Individual Tax Returns	start from	\$ 350.00*
Couples Tax Returns	start from	\$ 550.00*

*\*ALL fees include up to 2 investment properties. Each investment property after the first two is \$150.00. Please note that these fees are only approximate, and will vary depending upon the complexity of the work involved, and how well-kept your records are. Poor records will result in higher fees, however this is our minimum fee.*

*By completing this checklist you are confirming that you agree to have Paris Financial prepare your tax returns, and your prompt payment of our fees to facilitate timely lodgement.*

**Reminder:** *Our terms are payment on receipt of our invoice, and payment needs to be received before we lodge your returns (this has always been Paris Financial policy).*

## APPENDIX A

If there is an Investment Property involved...

It is all too common that investors spend money in their activity as an investor that is not claimed as a tax deduction simply because they are not aware of the possibilities.

Therefore, to help us get you the best possible tax result, please provide us with the following information...

### Property Details

Full Address of the property

Details of the legal ownership as per the title records

Date of settlement

Purchase price

### Loan Details

- Application Fees
- Mortgage Stamp Duty
- Lenders Mortgage Insurance
- Lenders Legal Costs
- Other costs and charges paid to the bank

### Income

We will need to know the gross rental income for the year (before the agent deducts their fees & charges), plus

Any other income paid to you in relation to the property by the agent, the tenant, the insurance company...etc.

### Costs

This is where things get really interesting and we have separated this section into obvious tax deductions and less obvious tax deductions...
